Moving Forward, Equitably

2020 was the year of reckoning — a global health and economic pandemic, civic unrest, a racial & social justice awakening, and leadership changes in the White House, our city halls, and even our organization.

This is why we are Moving Forward, Equitably. We recognize, as one of the few place-based CDFIs in central California serving hundreds of businesses, we must be judicious about our impact by serving traditional underinvested communities with accessible capital and coaching services. With the support of our board, investors, and community partners, the staff remains committed to bridging the financial justice gap in our regional economy.

— Tate Hill, Executive Director

2020 By the Numbers

COVID-19 Relief Grants & Numbers

We were proud to work alongside our sister programs of our parent [work as part of the family of services of Fresno] organization, Fresno Economic Opportunities Commission to deliver COVID19 relief services to our neighbors and local businesses.

1,000

amount of grants given

\$5,000,000

in grant funds given

200

of businesses served with
COVID relief programs

access + capital

2020 was a milestone for Access Plus Capital, and we want to thank everyone who helped us achieve our decade of success. We cannot and do not do our work alone – and it's only because of our partners, board, staff, clients, and community that we had our most successful year yet.

Thank You!
